About Me

I am a passionate full-stack developer based in Sri Lanka. I recently completed the Full Stack Web Development program at Uki, where I gained hands-on experience with modern technologies like React, Node.js, Express, and PostgreSQL. I am eager to apply my skills to real-world projects and continuously learn new technologies to enhance my expertise.

Skills

- Programming Languages: JavaScript
- Frontend: HTML, CSS, React
- Backend: Node.js, Express.js
- Database: PostgreSQL
- Version Control: Git, GitHub
- Other: REST APIs, Deployment (Vercel)

Education

Full Stack Web Development, Uki Technology School

I completed the Full-Stack Web Development program at Uki, where I learned technologies such as JavaScript, React, Node.js, Express, postgresql, and Git.

Aug 2024 – Mar 2025.

J/Skandavarodaya College

O/L Results: 5A, 3B

A/L Results (Physical Science): C, 2S

Jan 2015 – Jan 2023.

Project

[Amora](#)

Event management

- Designed and developed a smart event management system for seamless event planning.
- Built a responsive frontend using React, HTML, and CSS.
- Developed a secure backend with Node.js and Express.js.
- Integrated PostgreSQL for scalable data management.
- Implemented features like event creation, RSVP system, ticket booking, and real-time notifications.
- Unique Security Features:
  User authentication with a secure password reset system.
  OTP-based email verification, ensuring enhanced security and user trust.

Certifications

Responsive Web Design Certification – FreeCodeCamp ([View Certificate](#))
